AC measurement and monitoring system

DIRIS Digiware AC

Build your own AC measurement system

Find the best DIRIS Digiware configuration

The Socomec Meter Selector is your digital assistant, helping you find the best DIRIS Digiware configuration for your power monitoring projects, and all in just a few clicks!

1. Fill in information regarding your project.
2. Download the system diagram and bill of material.
3. All your projects are archived in your personal account.
